

HOUSING PROVIDER CONNECTIONS

Thank You for Joining Us

Thank you for attending our first Housing Provider Connections event, *Housing Provider Connections: Creating Safe Spaces for Survivors*. We are grateful you joined us and look forward to building stronger connections with housing providers across DuPage County.

This event was a joint effort by the DuPage County Continuum of Care, the Family Violence Coordinating Council, and the DuPage Housing Authority. We are grateful to our presenter, Abby from The Network, for sharing her expertise.

Today's session covered an overview of the legal protections for survivors in Illinois, including the Summary of Safer Homes Act (effective January 1, 2026) and what it means for landlords. We also learned about the struggles survivors may face and explored simple, practical ways to recognize and support tenants who may be experiencing violence.

We compiled a small packet of relevant community resources.

211 DuPage – 24/7 access to local community services.

Rental Cost Assistance – Tenants can call 630-407-6500 for help with rent, mortgage, or deposits.

Domestic Violence Resource QR Code: We invite you to post the QR code from the DuPage County Family Violence Coordinating Council. It connects people to local domestic violence resources quickly and safely. Displaying it may make a real difference for someone who needs help.

Safer Homes Act Summary and FAQ link

Information on our Collaboratives: so you know who we are, what we do and how you can better connect.

We invite you to stay connected with the DuPage County Continuum of Care (CoC), which works to develop and support effective strategies to prevent and end homelessness in our community. Your input helps strengthen landlord-tenant relationships and supports housing stability across our community. If you'd like to partner with us or have questions, please reach out at: continuum@dupagecounty.gov.

You will also receive a brief survey by email. Your feedback will help shape future Housing Provider Connections sessions.

Thank you again for your time and for the important work you do to support safe housing in our community.

Safer Homes Act Summary

Effective January 1, 2026, the Summary of Rights for Safer Homes Act requires landlords (owners of the building or someone working for them to rent residences) to provide a summary of rights to all Illinois residential tenants as the first page of their written lease, whether the lease is new or a renewal. A copy of this summary follows.

Follow the link below to access a downloadable summary of rights required for all leases and explore Frequently Asked Questions (available in multiple languages).

<https://dhr.illinois.gov/legal/summary-of-rights-for-safer-homes-act.html>

SUMMARY OF RIGHTS FOR SAFER HOMES

Landlords (owners of the building or someone working for them to rent residences) are required under Illinois law to give this summary to all Illinois housing tenants as the first page of their written lease, whether the lease is new or a renewal. Access, download, or translate this summary on the Illinois Department of Human Rights website at dhr.illinois.gov/safer-homes.

If you or a member of your household are a survivor of domestic violence, dating violence, sexual assault, or stalking, you have special rights relating to your housing to make you safer.

1) Under the Illinois Safe Homes Act, you have the right to end your lease early and not pay future rent when you move from your rental place because of a threat of domestic violence or sexual violence.

- To end your lease early, you must give written notice that you are leaving to your landlord before or within three days of permanently leaving (for example, by removing all of your belongings and turning over your keys to the landlord or property manager) or have left your rental place because you are under an imminent threat of domestic violence or sexual violence there. You can also end your lease early by written notice and documentation because sexual violence occurred at your rental place within the last 60 days or later, if circumstances prevented you from telling the landlord sooner.
- You are responsible for paying rent for the period prior to providing written notice and then permanently leaving, but you are not responsible for future rent after that and cannot be charged an “early lease break fee.” Your landlord should also return your security deposit if there is no previous unpaid rent or damage to your rental place beyond normal wear and tear.

2) You also have the right to change your locks to prevent further domestic violence or sexual violence at your rental place.

- To exercise this right, you need to provide written notice to the landlord that you are under an imminent threat of domestic or sexual violence and **provide one of the following** forms of documentation evidencing this threat:
 - Medical, court, or police evidence; or,
 - A statement from an employee of a domestic violence or other victim services organization from whom you or a member of your household sought service.

The landlord must change or give you permission to change the locks within 48 hours of your notice and documentation, at your reasonable expense. If your landlord does not change the locks within 48 hours, you can change the locks and give your landlord the new key within 48 hours. If the person seeking to harm you or a household member is also a tenant on your lease, you need to provide to the landlord a plenary order of protection or plenary civil no contact order granting you exclusive possession of the residence instead of one of the forms of documentation noted above.

Each tenant acknowledges receipt of this Page 1 of this Summary by signing below and should retain a copy for their records. See also and Sign at bottom of p. 2-4.

Printed Name: _____ Signature: _____ Date: _____

3) Your landlord will be liable to you for your actual damages up to \$2,000 and reasonable attorney's fees if they disclose to a prospective landlord that you used the Safe Homes Act or share any information you provided when using the Safe Homes Act.

[Learn more about the Safe Homes Act \(765 ILCS 750\) from Illinois Legal Aid at ilao.info/dvleases](https://ilao.info/dvleases)

4) If your landlord tries to evict you, and the eviction is based upon you or a household member experiencing domestic violence, dating violence, sexual assault, or stalking, you may be able to stop the eviction.

You cannot be evicted solely because:

- You or your household members are a victim of an actual incident of domestic violence, dating violence, sexual assault, or stalking
- You or your household members received threats of domestic violence, dating violence, sexual assault, or stalking
- Criminal activity in the form of domestic violence, dating violence, sexual violence, or stalking against you or a member of your household
- You did not knowingly consent to a person entering your rental place that the landlord had barred, or if the barred person is permitted by court order to enter your rental place

When asserting any of these defenses to eviction you must provide at least one form of evidence of your status (such as medical, court or police records, or a statement from a victim services organization that you sought help from).

The landlord may still be able to evict you if they prove that your continued presence in your rental place poses an actual and imminent threat to others there.

It is recommended that you seek legal assistance if facing an eviction action.

5) A landlord cannot discriminate against you under the Illinois Human Rights Act because you have an order of protection, a stalking no contact order, or a civil no contact order.

The Illinois Human Rights Act protects against discrimination, harassment, and retaliation in housing based on certain protected categories. A housing provider cannot refuse to rent to you, refuse to make repairs, or charge you additional fees because you have protections under any of the above court orders. Possible remedies include your actual damages and attorney's fees. If you are using a federal housing subsidy, you have additional protections under the Violence Against Women Act (VAWA) (42 U.S.C. Ch. 136, Subchapter III), which prevents housing providers from denying housing due to domestic violence, dating violence, sexual assault, and stalking.

Each tenant acknowledges receipt of this Page 2 of this Summary by signing below and should retain a copy for their records. See also and Sign at bottom of p. 3-4.

Printed Name: _____ Signature: _____ Date: _____

Printed Name: _____ Signature: _____ Date: _____

You can file a charge of housing discrimination with the Illinois Department of Human Rights within one year after the discrimination occurred or with the appropriate circuit court not later than two years from the date of the last discrimination.

For more information on filing a charge of housing discrimination under the Illinois Human Rights Act, visit dhr.illinois.gov/filing-a-charge/housing

6) Illinois prohibits counties and municipalities from creating or enforcing laws that penalize tenants who are survivors of domestic violence or sexual violence when they (or their landlord) contact police or other emergency services to prevent or respond to this conduct.

Illinois does not allow counties or municipalities to create or enforce laws that penalize tenants for:

- (1) Calling the police or emergency services to prevent or respond to domestic violence or sexual violence;
- (2) Incidents of domestic or sexual violence against a tenant, their household member, or guest at your rental place; or
- (3) Criminal activity at your rental place that is related to domestic violence or sexual violence.

If you are penalized by being evicted, terminated from your housing, or otherwise assessed fees or fines, you may file a complaint in circuit court under Section 1-2-1.5 of the Illinois Municipal Code (65 ILCS 5) & Section 5-1005.10 of the Illinois Counties Code (55 ILCS 5)

7) Utility companies are required to defer the initial credit and deposit requirements for a period of 60 days for a residential customer or applicant who is a victim of domestic violence

To exercise this right under Section 8-201.6 of the Public Utilities Act (220 ILCS 5/8-201), provide evidence of the domestic violence from an order of protection, a certifying letter from a medical provider or domestic violence shelter, or law enforcement personnel.

8) Please note that if you apply for or reside in federally subsidized housing there are additional housing rights under the Federal Violence Against Women Act (VAWA) relating to domestic violence, sexual assault, dating violence, and stalking.

Each tenant acknowledges receipt of this Page 3 of this Summary by signing below and should retain a copy for their records. See also and Sign at bottom of p. 4.

HOUSING ADVOCACY AT THE NETWORK

TRAINING

We work with survivors, their support networks, and other important housing stakeholders to explain housing legal protections and obligations under local, state, and federal law.

We also provide training on best practices in supporting survivors in housing and creating safe and inclusive spaces.

TECHNICAL ASSISTANCE

We support survivors in accessing and maintaining housing by answering questions, explaining available options, and providing support on common housing issues that survivors experience.

DOING THE WORK

We regularly advise and help survivors get their locks changed, terminate their lease, transfer their subsidy, or prevent eviction after their housing is affected by gender-based violence.

GATHERING DATA

We request and utilize data about where gender-based violence is happening in subsidized housing and how housing policies are being enforced against survivors.

SHARING INFORMATION

We collect information about housing programs and resources so that we can share it directly with survivors who need help.

POLICY + IMPACT WORK

We create housing policy that is survivor-led, trauma-informed, and accessible to survivors with disabilities or limited English proficiency.

We help communities prioritize survivors in housing and create affordable housing options.

We challenge housing policies that adversely or unfairly impact survivors, like crime free ordinances or rules that hold survivors responsible for the acts of the people harming them.

JOIN US

We meet regularly as a working group to discuss housing issues, housing opportunities, housing policy, and best practices in supporting survivors.

HOUSING VALUES AT THE NETWORK

SURVIVOR-LED HOUSING FIRST APPROACH

We advocate for approaches that are led by survivors' needs and wants and focus on ensuring survivors are stably housed first, before moving on to other supports needed.

- **Survivors are the best people to identify what they need and how they can stay safe.** We support survivors in leading the process, identifying their goals, and deciding what is safe for them.
- **Housing is a primary barrier to leaving an abusive relationship and reaching safety.** As such, housing should be addressed first. Everything else can be figured out later.
- **We work to limit barriers to leaving unsafe housing or accessing safe housing** (such as requiring third-party documentation, delays in transferring housing subsidies, or charging penalties to ending a lease early).

TRAUMA-INFORMED, CONFIDENTIAL, AND SAFE HOUSING

We provide leadership in developing shelter and housing approaches that are trauma responsive, confidential, and safe for individuals and families escaping abuse and violence.

- **We review and collaborate on housing policies** for survivors, including admissions decisions, preferencing, or Violence Against Women Act Emergency Transfer Plans.
- **Confidentiality is key for making housing safe.**

ACCESSIBLE HOUSING FOR MARGINALIZED COMMUNITIES

We address survivor-specific needs in housing, including **making housing accessible to survivors with disabilities or who have limited English language proficiency** as well as preventing discrimination or retaliation based on sexual orientation, gender identity, or having experienced gender-based violence.

FAIR HOUSING FOR SURVIVORS

We address policies that unfairly target survivors in housing and advocate against discrimination or retaliation based on GBV, including crime-free/nuisance ordinances or other systems that penalize survivors for contacting emergency services or for the acts of the people harming them, having an order of protection, or moving for their safety.
